Order thereon :- R 7019 - 20 Agri 41-11-3

Dated Bangalore 20th May 1912.

The Government are prepared to encourage an experiment of the sort contemplated by the Agricultural Committee. But the Experiment should be conducted either with the Agency of the Government Agricultural Department or on the personal responsibility of at least three prominent gentlemen, one or more of whom are connected with agriculture and who are prepared to put their own money into the undertaking. In the latter case, provided the factory is set up in a prominent locality easy of access by rail, the Government will be prepared to lend on easy terms or, if it is a co-operative undertaking, to take shares, to the extent of one-quarter to one-third of the total capital cost of the concern.

2. Dr. Leslie Coleman is requested to furnish, for circulation to the public, a concise report as to what is being already done within and outside the State with his own opinions as to what steps are necessary in Mysore to encourage the manufacture of jaggery and sugar with the aid of power plant.

3. It will be convenient and it is desired that all communications to Government on matters connected with the Economic Conference should be addressed to the

the Secretary to the Government in the ~~xxxxxxxxxxxxx~~ General and Revenue Departments by or through the Secretary to the Conference.

For Offg. Secretary to Govt.
